“I just want everything in one place so I don’t feel lost when studying”

📜 Biography

Ana Pećanac is a 19-year-old first-year university student adjusting to independent academic life. She often feels overwhelmed by scattered study materials and uncertainty about what to focus on for exams. Although anxious about keeping up with her peers, she is motivated, tech-savvy, and actively searches for reliable resources. Ana needs a structured, centralized platform that helps her stay organized and confident in her studies.

Professional goals	Lifestyles
• Understand course material clearly and efficiently • Pass first exams and build confidence • Find reliable and structured study resources • Stay on track with coursework without falling behind	• Adjusting to university life and independent studying • Relies heavily on digital tools and peer communication • Frequently uses group chats and shared files to study • Prefers quick, clear, and summarized learning materials
Skills	**Sources of information**
• **Tech Savvy:** 80% • **Research & Searching:** 70% • **Note-Taking:** 75% • **Time Management:** 50%	• Difficulty finding all study materials in one organized place • Unsure which topics are most important for exams • Hesitant to ask questions due to fear of embarrassment • Struggles to track her progress across different subjects

Thinks	Sees
• How do I find reliable study materials for my courses? • Am I keeping up with the rest of my class? • Where can I ask questions without feeling embarrassed?	• Scattered study materials shared in group chats • Faculty website with limited and unclear resources • Upper-year students sharing files informally
Skills	**Does**
• Overwhelmed by too much unorganized material • Motivated when she finds clear and useful summaries • Anxious about failing her first exams	• Asks classmates for notes and help • Searches online for summaries and explanations • Creates her own notes and shares with friends

Problem scenarios & solutions

1. **Scattered Materials**	2. **Lack of Study Direction**
• **Problem:** Study materials are spread across chats • **Current Alternative:** WhatsApp / Messenger groups • **Proposed Solution:** Centralized **Student Hub repository**	• **Problem:** Doesn't know what to focus on • **Current Alternative:** Asking older students • **Proposed Solution: Progress tracker** showing completed & pending topics
3. **No Safe Q&A Space**	4. **Lack of Reliable Study Materials**
• **Problem:** Afraid to ask questions publicly • **Current Alternative:** Random forums or private messages • **Proposed Solution: Course-based forum** inside the platform	1. **Problem:** Ana is unsure which materials are accurate and trustworthy 2. **Current Alternative:** Uses random notes from peers or online sources 3. **Proposed Solution:** Verified study materials with ratings and recommendations from professors and top students
